

📍 INDIA EXPO MART, GREATER NOIDA (DELHI NCR) 📅 17- 18 November 2026

HYVOLUTION INDIA

The Global Platform Comes to India

IGHA – Hyvolution India 2026 is the inaugural India edition of the Hyvolution series – and it arrives at precisely the moment India's hydrogen market needs it most.

The Hyvolution series, organised by GL Events, has spent the better part of a decade building the world's most credible hydrogen business-to-business platform. Paris, Brazil, Chile, Canada – each edition has opened a new market, connected a new ecosystem, and brought the global hydrogen community one step closer to the scale the world needs.

India is next. And India is different.

India is not a market that is slowly warming up to hydrogen. It is a market that has made a decisive national commitment – the National Green Hydrogen Mission, the SIGHT programme, the electrolyser manufacturing targets, the port infrastructure designations. The policy architecture is in place. The industrial demand is real. The investment interest is global. What India needs now is the platform where all of these forces come together.

IGHA – Hyvolution India 2026, held on 17–18 November 2026 at India Expo Mart, Greater Noida, Delhi NCR, is that platform.

WHY THIS EDITION MATTERS

THE FIRST TIME. THE RIGHT TIME.

Being the inaugural edition of Hyvolution in India means that the relationships, partnerships, and collaborations formed at IGHA – Hyvolution India 2026 will define this market for years to come. The companies that are in the room on 17 November 2026 are the companies that helped build India's hydrogen economy from the ground up. That is a position of lasting value – and one that cannot be replicated at a later edition.

KEY FACTS

Edition:	1st — Inaugural India edition of the Hyvolution series
Dates:	17–18 November 2026
Venue:	India Expo Mart, Greater Noida, Delhi NCR, India
Expected scale:	150+ Exhibitors 7,000+ Trade Visitors 1,000+ Delegates 30+ Countries
Global platform partner:	GL Events (Hyvolution series)

Hyvolution India is not a standalone event. It is part of a global network – and every participant at India Expo Mart is connected, through that network, to the wider Hyvolution community across Paris, Brazil, Chile, and Canada. International companies come to Hyvolution India to access India. Indian companies come to access the world.
